Bowman Abatement Request:

A request for abatement was received from William Bowman who stated that his son was checking his property due to his absence due to health issues and there were 2 days that the property was not checked. The property was checked and a water pipe burst was discovered. Mr. Bowman’s bill was reviewed and an average was calculated. Motion by D, Mills and seconded by T. Hooker to abate the Bowman bill, with the exception of \$485.56, which was the average of the comparable time periods in the past. Motion passed unanimously 5 – 0.

D. Mills stated that it may be a good idea to include something on the website or the newsletter that if property is going to be vacated for any period of time to have the water shut off. T. Hooker also suggested installing a warning light.

The meeting was adjourned at 7:54 PM.

Respectfully Submitted,
