

Pittsford

U.S. Route 7 Bridge #108 Replacement

DATE: October 9, 2025

TRAFFIC IMPACT:

- U.S. Route 7 motorists can expect traffic control present to allow for truck traffic in/out of the work area along with roadway lane shifts.
- Tuesday through Thursday Arch Street access from U.S. Route 7 will be closed. Motorists will use Pleasant Street to access U.S. Route 7. Closure and detour signs will be present.

PROJECT UPDATE: Continued installing drainage structures and full-depth reconstruction on the east side of U.S. 7; Continued form work for the barrier wing walls on the west side of the bridge; The northwest wing wall to have concrete installed tomorrow.

The following is the anticipated work scheduled beginning Monday, October 13, 2025:

Monday through Friday - 7:00 a.m. to 7:00 p.m., Saturday - 7:00 a.m. to 3:00p.m.:

- Installation of drainage piping across Arch Street.
- Weather permitting, paving of the full-depth reconstruction on the east side of U.S. Route 7.
- Installation of concrete for the southwest wing wall.

PLEASE USE CAUTION AND FOLLOW THE POSTED SPEED LIMITS!

Installation of stone ditching along the southeast side of U.S. 7
