MINUTES:

The minutes from the October 15, 2025 regular meeting; October 15, 2025 Liquor Board meeting; October 15, 2025 Water and Sewer Meeting; and the October 29, 2025 Executive Session meeting were signed with no corrections.

TOWN MANAGER REPORT:

Town Manager Ann Reed reported the following:

- Met with the Police Department on the second home break-in report discussed at a previous Select Board meeting. They are looking into things on their end to see what happened, and one report was found in the documentation following the discussion.
- Attended the LURB pre-application hearing for the Rutland Regional Planning Commission Plan 2026. This was very informative on how the process is going to work going forward for the Rutland Regional Plan.
- Attended Municipal Day in Montpelier attending workshops on water and wastewater permitting; the WHISPr Program, Tier 1A and Tier 1B from Act 181 and learning what is required of each and asset management for water systems. Learned that the septic permits are included on the State of Vermont website; that the WHISPr program is not something that Pittsford can currently use, but, may be of value in the future and that Tier 1B would be a good place for the Town of Pittsford to be for zoning with the new Act 181 tiers.
- Attended the Rutland Regional Planning Board of Commissioners meeting. A recap of the hearing that was held on October 16, 2025, as well as town updates and the passing of the Fiscal Year 2027 dues for each town. There was no increase in rates for the next fiscal year.
- Attended the Fair Housing Training to stay in compliance with CDBG Grant requirements.
- The next staff meeting will be held on November 13, 2025 at 11:30 AM.
- Liz Alvarado is pricing out alternative pricing options for the newsletter. The current printer is becoming more costly each quarter and taking longer to receive.
- Boiler inspections were done at the Municipal Offices, Fire Station, Highway Garage and Wastewater Treatment Facility. Two of these need some work to come into compliance. Our current oil supplier has been reached to get the repairs made.
- Met with Tim Cornell regarding the five-year LHMP renewal and grant that we are applying for and he will be doing some of the legwork for the updated data that will be

required so he can bring it to the first meeting with the Rutland Regional Planning Commission.

- Attended the Town Managers meeting at the Rutland Regional Planning Commission and discussed Tier 3 for Act 181 as well as how the drought is affecting wells.
- The Planning Commission had a special meeting to finish their Zoning Regulations in preparation for the required public hearings. The proposed schedule needed to be moved by 1 week due to missing a deadline for the Rutland Herald.
- Many residents have been coming to pay tax and utility bills. There have been several frustrations and concerns over the quarterly billing for the utilities.
